

Using the Vacuum Cleaner

1. Do not use the cleaner to vacuum dry waste.
2. Dry hands, switch off and unplug before emptying the waste container.
3. Empty the waste container before it is full.
4. If you think the cable may be cut or damaged in any way, switch off and unplug at the mains before inspecting it, if the cable attached to the vacuum cleaner is damaged, stop using the equipment. Contact the hire company. If an extension cable has been damaged, do not use it again.

Vacuum Cleaner - WET

The rules and procedures in force where people are at work
may require the person responsible for this equipment to
carry out a specific risk assessment.

**It is important to read all of this leaflet
BEFORE you use the Vacuum Cleaner**

1. Electricity is dangerous and must always be used with great care.
2. Water and electricity make a dangerous combination. Keep water away from the electrical parts.
3. This vacuum cleaner is designed for vacuum collection of water and wet waste material.
4. The action of this vacuum cleaner can cause injury or damage if the equipment is not used in a careful and controlled way.
5. Familiarise yourself with how the equipment works before starting work.
6. Plan and think ahead to make sure you will always be working safely.
7. You should have at least the following items of protective equipment: rcd if using a 230 volt (mains) supply.
8. This equipment must not be used by minors, or by anyone under the influence of drugs or alcohol.
9. This vacuum cleaner is designed for operation by an able bodied adult. Anyone with either temporary or permanent disability must seek expert advice before using it.
